

SUE ROWSELL

Sue Rowsell is an architect and visual artist living in Brisbane. She has been painting and drawing since childhood and predominantly paints with oils. Sue took a career break from architecture to pursue her painting practice more seriously.

Sue's work draws inspiration from the natural world around her. Her interest lies in the patterns, shapes and colours found in nature....looking closely at the subject and bringing it to life with paint.

Her still life paintings simply invite the viewer to share the joy she finds in her floral compositions. Her most recent paintings investigate coastal landscapes, flora and fauna, these invite an emotional response to the familiarity of our nearby coastal landscapes.

Sue is delighted to have been selected as 'Artist in Residence' at Chateau d'Orquevaux in Champagne-Ardenne, France in mid 2018.

Sue will be part of a group exhibition 'A Timeless Moment' at the Moree Gallery. The exhibition will be online and opens Friday 8th May. Catalogue available on The Moree Gallery website 1st May.
