

EMMA WOLFE

Sydney based artist Emma Wolfe, embarked upon her artistic career, as "Emma Wolfe Designs" in 1994 to 2004 as a ceramic artist from her studio in Watson's Bay.

During those 10 years Emma was commissioned by many renowned Australian Interior Designers & Architects to create Custom Designed Hand painted ceramic feature tiles, murals & panels for Residential & Commercial Installations both nationally & internationally.

A collection of Emma's original designs were also selected by well known Australian Homeware brands under Licence in 1996.

In 2020, during COVID-19 Lockdown, Emma picked up her paint brushes for the first time in many years-prompted by a dear friend who commissioned her to create a watercolour and Ink Room Portrait of her Interior.

Thus began a new creative venture. Emma Wolfe Designs Watercolour & Ink Interior Vignettes.

A collection of exquisite watercolour and Ink Illustrations of interiors that inspire her.

Having worked in the Interior Industry in Sydney for 30 years, it was a natural progression. Combining her passion for exquisite interiors, eye for detail, love of colour & pattern with her own artistic interpretation.

Over the past year, Emma had been commissioned by private clients, Australian & US Interior Designers to illustrate their own favourite rooms & projects.

Fine Art Prints of Emma's current works are available online [www. emmawolfedesigns.com](http://www.emmawolfedesigns.com).

This is Emma's first gallery exhibition of her original artworks.

Her hope is you will appreciate her watercolour & ink Interior Vignettes/ Room Portraits as much as she has enjoyed creating them.
